WILSON MAY MAKE RACE FOR THIRD TERM

League of Nations if Defeated Will Be Issue of the Next Campaign

HUNS DEMAND PEACE ON FOURTEEN POINTS OFFERED BY WILSON

(By Associated Press)
BERLIN, (Tuesday), May 27.—German counter proposals to the terms of the treaty in the opening section argue for the existence of Germany's contractual right to peace based on President Wilson's fourteen points, because the entente agreed to peace on that basis. The counter proposals will declare the terms of peace com-

DENVER BANKING CONCERN BROKE

(By Associated Press)
DENVER, Colo., May 28.—The City Bank and Trust company was taken over today by the state banking commission, who ordered it closed pending investigation. Deposits exceed \$1,000,000. W. J. Galligan, former state treasurer and former (rue) administrator of Colorado, is president.

BOLSHEVIKI IN NEW HAVEN RIOT

(By Associated Press)
NEW HAVEN, May 28.—A riot, which kept the city in an uproar last night is attributed by the mayor to the "Bolshevik elements," which had taken advantage of a minor clash between discharged service men and Yale undergraduates, caused by unconfirmed reports that Yale men had been killed in the 103d regiment band. The police, for hours, could not prevent clashes nor fathom the reason for the apparently organized attacks. Five men were hurt, two by bullets. A dozen are detained pending the inquiry. Considerable window glass was broken. College authorities kept the students within their dormitories.

SOCIALISTS IN POWER OF LAW

(By Associated Press)
OAKLAND, May 28.—J. C. Taylor, secretary of the Socialist party of California and ten other men prominent in the party will be arrested. Thirty-six warrants were issued for the arrested men who are charged with violating the "criminal syndicalism" law. Ten have been served. It is reported that evidence was obtained for starting the wholesale arrests in a raid Saturday night at 1. W. W. headquarters.

EAST DIVIDE IN VEIN

The east crosscut on the 400-foot level of the East Divide has entered the north-south or Merced vein at a distance of 30 feet from the shaft. Assays of from \$1.50 to \$2 are being secured.

TODAY AND A YEAR AGO	
Official readings of the thermometer by the United States observer at Tonopah:	
1919	1918
5 a. m.	68 29
9 a. m.	73 39
12 noon	78 42
Maximum May 27	84 45
Minimum May 27	62 27
Relative humidity at 2 p. m.	
Yesterday, 27 per cent.	

STOCKHOLDERS OF THE MYRA VISIT THE DIVIDE DISTRICT
Harry Hunt, of the Baker, Hunt company, San Francisco and W. G. Devereux, a prominent business man of the same city arrived this morning from the coast and spent the day with A. E. Lowe, superintendent and general manager, visiting the property of the Myra Divide company. Both gentlemen are large stockholders and, after their examination, they told a Bonanza reporter that they were highly pleased and confident that, with development the Myra would become one of the big producers of the camp. Tomorrow the visitors will inspect the Tonopah Divide and other big mines.

BURIAL IN PHILADELPHIA
In accordance with the request of his brother, Max Braun, the body of Otto Braun, who was killed in an accident at the Divide, will be shipped tomorrow to Philadelphia for interment.

SIMON LEAD MINES IS QUOTED \$7 BID AT TODAY'S CLOSE

Simon Lead Mines was the thriller today when it opened at \$3.75 from yesterday's close at \$3 and went rambling along until the closing bid reached \$7.00. This is the greatest and most sensational advance of any stock since the discovery of the Divide and means that Tonopah will be enriched by many hundred thousand dollars as the stock is held here in large blocks at prices ranging from 50 cents to \$2. When the mine was introduced to the notice of Tonopah three months ago, some treasury stock was sold at 50 cents. At the end of 30 days when the security was listed the even dollar was bid and yesterday sales were made at \$2.60 and \$3.00. The sudden jump today has not been explained except on the ground that the buying public is beginning to realize that the mine is one of the biggest in the world. Latest reports from P. A. Simon, the discoverer and largest stockholder state that the ledge has been crosscut on the fourth level for a distance of 105 feet without showing the hanging wall.

CLEANING OUT THE CROSSCUT ON THE 200 LEVEL HASBROUCK

George A. Kernick, president of the Hasbrouck spent yesterday out on the Divide looking over the progress made in developing the several properties in which he is interested. The Hasbrouck ledge on the 200-foot level appears strong and well defined and drifting has been pursued on the footwall of the ledge for a distance of 750 feet from the shaft. In some places the drift ran alongside the ledge while in others it was 10 to 15 feet away. For the first 500 feet the ground is clear and in good shape but the remainder of the distance it is badly caved. Three crosscuts were run in the first 500 feet. The first crosscut was into the footwall formation and the other two crosscut both ways and picked up the ledge both times. No sampling has been done and none will be attempted before ten days or two weeks. The crosscut was in such bad shape that after R. M. Smith, local superintendent got fairly in he felt like beginning all over and running a new cut as a cheaper proposition. The shaft has been retimbered to the full depth of 365 feet and a crosscut will be sent out from the bottom in a northeasterly direction in a couple of days.

REDS CLINGING TO PETROGRAD

(By Associated Press)
LONDON, May 28.—A Russian wireless denies reported explosions at Petrograd and declares there is no intention of abandoning the city, that reinforcements already sent to the Gatchina front south of Petrograd, are driving back the enemy.

RICHARDS SELLS BUILDING ON UPPER MAIN STREET

Charles J. Richards, the attorney, has sold two of his office buildings on Upper Main street to A. A. Codd, of Reno, who will establish headquarters in Tonopah. One of the buildings is occupied by the American Railway Express company. The other will be used by the buyer. Mr. Codd is adding a garage and making an addition to the rear of the premises. Mr. Richards retains the other two stores.

TRANSFORMER HOUSE OF FLORENCE MINE BURNED

The transformer house of the Florence mine at Goldfield containing three transformers, was struck by lightning during the heavy storm Saturday evening and destroyed.

FRANK LAMBERT'S FUNERAL

The funeral of the late Frank Lambert will be held tomorrow afternoon at 4 o'clock from Elks Home. Interment will be in the Elks plot in the local cemetery.

DEMOCRATIC CHAIRMAN PUTS OUT A FEELER BEFORE DEFEAT COMES

(By Associated Press)
CHICAGO, May 28.—Homer Cummings, chairman of the Democratic National committee said he had no information regarding Wilson's intention to become a candidate for a third term. He said he believed the question largely rests on the fate of the league of nations. If the league is defeated pressure will be brought to bear to have the president run again and I feel certain he will be re-elected.

NO NEW MODELS IN BATTLESHIPS

(By Associated Press)
WASHINGTON, May 28.—Secretary Daniels today presented the house naval committee with a communication in which the general board urged the rapid completion of the navy's 1916 building program. The secretary recommends slight changes in the plans of capital ships as originally drawn. The board's communication showed the idea of building a composite ship to take the place of battleships and battle cruisers has been abandoned temporarily at least. The principal changes in six cruisers authorized in 1916 recommended by board would give the ships additional protection at the sacrifice of speed. Daniels told the committee the board was unable to say how much speed would be sacrificed. Rear Admiral McKean, acting chief of operations, told the committee that not less than sixteen first-class battleships would be kept in commission as a peace time force.

TONOPAH DELINQUENT GIVES ORDER ON ARMY PAY

William Maurice Turner, who left here while owing a board bill of \$125 at the Floyd boarding house, was arrested in Reno Saturday by the local police and held for Chief of Police Jack Grant, who arrived Sunday. The boy had enlisted in Tonopah, and an arrangement was effected by which the debtor was allowed to remain in the service by hypothecating \$15 a month of his pay to cover the bill with costs amounting to \$169.50.

WILL RE-ENTER RING

(By Associated Press)
SAN FRANCISCO May 28.—Frankie Burns, lightweight pugilist of Oakland, has just returned from overseas where he was a member of the American expeditionary force. Burns says he expects to re-enter the ring. At one time, several years ago, he was rated as a possible contender for the highest honors in his division, but has been considered out of the running for some time.

ALTO DOWN 125 FEET

The shaft of the Alto Divide has reached a depth of 125 feet. J. K. Turner, consulting engineer for the company states that there has been no change in formation recently.

KING ALBERT COMING TO THE UNITED STATES

(By Associated Press)
PARIS, May 28.—It is expected that King Albert of Belgium will attend the initial meeting of the league of nations in Washington next October.

DEMOCRATS IN THE MINORITY

(By Associated Press)
WASHINGTON, May 28.—Democrats failed by repeated efforts to force separate votes on senate committee chairmanships. Republicans finally put through their slate of committee appointments by a vote of 48 to 42. Democratic committee assignments were adopted after Republican assignments were disposed of.

THANK BONANZA FOR THE WORK

The following communication from the State Railroad Commission sets forth the part the Bonanza played in securing the new train service for Tonopah and Goldfield. This is a direct rejoinder to the claim of Selma (or Henderson) that he was instrumental in bringing the matter to the attention of the commission. The letter follows:

W. W. Booth, Esq.
My dear Mr. Booth:
The commission begs to acknowledge, with appreciation, receipt of your letter of May 15, enclosing two petitions signed by the representative citizens and business men of Tonopah and Divide in re matter of change in train service between San Francisco and Tonopah.
Your letter and the petitions were made a part of the record at the hearing and they furnished a valuable foundation for consideration in working out the changes in said schedules which were finally required by the commission.
Thanking you for your effective cooperation in the premises, and with renewed expressions of esteem, I am
Very sincerely yours,
J. E. SHAUGHNESSY,
Chairman.
